

## FALAH final conference

**“Family farming, lifestyle and health in small islands, countries and territories”**

**From 18<sup>th</sup> to 20<sup>th</sup> March 2025**

**University of New Caledonia, Nouméa, New Caledonia**

Monday, March 17, 2025 Amphitheatre 400, University of New Caledonia	
05:00 – 05:15 pm	Welcome
05:15 – 05:45 pm	Institutional speeches
05:45 – 06:15 pm	Presentation of the FALAH project and delegations by Prof Jean Marie FOTSING & Dr. Olivier GALY and cultural session
06:15 – 06:45 pm	Institutional photos
06:45 – 09:00 pm	Mocktail Dinner

**Tuesday, March 18, 2025**

**Morning in the Amphitheatre 400 - Chair : Sylvian RAFFARD ARTIGUE**

<b>08:30 – 08:40 am</b>	Opening remarks	Prof Catherine RIS, University of New Caledonia
<b>08:40 – 09:00 am</b>	Implementing an European Union RISE-MSCA project in the Pacific: a scientific, human and cultural journey (2018-2025)	Prof Jean Marie FOTSING & Dr. Olivier GALY, University of New Caledonia
<b>09:00 – 09:30 am</b>	Testimonies of the partners	
<b>09:30 – 09:40 am</b>	Presentation of the Pacific Islands Regional University Network	Mrs Mathilde SOUCHON, Pacific Islands Universities Regional Network
<b>09:40 – 09:50 am</b>	Presentation of the project: Indigenous Knowledge, Practices and Resilience in the Pacific Island: SPAR-Pacific.	Dr. Olivier Galy & FALAH consortium
<b>09:50 – 10:00 am</b>	Presentation of the network "Health and well-being of children and adolescents in the Pacific" (Charles Perkins Research Centre & University of New Caledonia)	Prof Corinne CAILLAUD, The University of Sydney Dr. Olivier GALY, University of New Caledonia
<b>10:00 – 10:30 am</b>	<b>COFFEE BREAK</b>	

**Chair : Mrs. Marine MARTINEZ**

<b>10:30 – 11:00 am</b>	Conference presentation "Family farming, Lifestyle And Health in small Islands, countries and territories"	Dr. Séverine BOUARD, New Caledonian Agricultural Institute Dr. Catherine SABINOT, French National Research Institute for Sustainable Development Dr. Séverine BLAISE, University of New Caledonia
<b>11:00 – 11:40 am</b>	<b>Key note No.1: Lifestyle transitions: global and local perspectives</b>	<b>Prof David RAUBENHEIMER, The University of Sydney</b>
<b>11:40 am – 12:00 pm</b>	Presentation of the Consortium for Research, Higher Education and Innovation in New Caledonia (CRESICA)	Mr. Florent OLIVIER, Consortium for Research, Higher Education and Innovation in New Caledonia
<b>12:00 – 01:30 pm</b>	<b>LUNCH</b>	

## THEME 1. WHAT ROLE AND CHALLENGES FOR FAMILY FARMING IN THE SMALL ISLANDS?

*Amphitheatre 80 – Chair : Dr Catherine SABINOT*

01:30 – 01:55 pm	1A - Family farming and food security: lessons from COVID for a viable future for island territories	Dr. Gilbert DAVID, French National Research Institute for Sustainable Development
01:55 – 02:20 pm	1A - "To fill an empty shell": Knowledge, practice, constraints and nutritional insights related to reef-gleaning activities in Oceania	Dr. Franck THOMAS, University of the South Pacific
02:20 – 02:45 pm	1C - Building health and resilience: Improving food security and reducing non-communicable diseases through urban agriculture in Honiara (Solomon Islands)	Mr. Alex MAKINI, Solomon Islands National University Dr. Hugo BUGORO, Solomon Islands National University

## THEME 2. FOOD SYSTEMS, LIFESTYLES AND HEALTH

## THEME 3. WHAT ARE THE WAYS OF CO-BUILDING KNOWLEDGE IN LAND-BASED AND MARITIME PRODUCTION PRACTICES AND SMALL ISLAND FOOD SYSTEMS?

*PEPITE Room – Chair : Dr. Séverine BLAISE*

01:30 – 01:55 pm	3A - Community participation and policy assessment in EbA for improving resilience and food security	Mrs Jyoti PRASAD, University of the South Pacific Dr. Hilda WAQA-SAKITI, University of the South Pacific Dr. Lau Viliamu IESE, University of the South Pacific
01:55 – 02:20 pm	3A - Traditional food plants in the Loyalty islands Province and health	Dr. Edouard HNAWIA, University of New Caledonia, Mr. Georges KAKUE, Loyalty Islands Province, Mr. Julien DROUIN, New Caledonian Agronomic Institute, Mr. Victor CARAWIANE, Loyaltian rural development support center, Mrs. Marjorie WEJIEME, Loyalty Islands Province, Dr. Yawiya ITITIATY, New Caledonian Agronomic Institute, Dr. Nadia ROBERT, New Caledonian Agronomic Institute
02:20 – 02:45 pm	2C - Illuminating the role of iTaukei women in Fiji's small-scale fisheries	Dr. Elodie FACHE, French National Research Institute for Sustainable Development
02:50 – 02:55 pm	<b>"PACIFIK BREAK"</b> <i>Amphitheatre 80 and PEPITE Room</i>	
02:55 – 03:20 pm	<b>TEA BREAK</b> <i>Deck Amphitheatre 80</i>	

## THEME 2. FOOD SYSTEMS, LIFESTYLES AND HEALTH

**Amphitheatre 80 – Pr. David RAUBENHEIMER**

<b>03:20 – 03:45 pm</b>	2A - The role of traditional food preservation methods in enhancing food security and health resilience in small island communities in the Solomon Islands	Dr. Hugo BUGORO, Salomon Islands National University
<b>03:45 – 04:10 pm</b>	Pacific Food Lab, a key player in the food transition in New Caledonia and the Pacific	Mr. Charles VUILLOD & Mr. Gabriel LEVIONNOIS, Pacific Food Lab
<b>04:10 – 04:35 pm</b>	2B - Physical activity behaviour of adolescents living in the Pacific Island countries and territories (PICT) and its association with weight status: cross-sectional study using accelerometry assessment in New Caledonia	Mr. Guillaume WATTELEZ, University of New Caledonia Prof Corinne CAILLAUD, The University of Sydney Dr. Olivier GALY, University of New Caledonia

## THEME 2. FOOD SYSTEMS, LIFESTYLES AND HEALTH

**PEPITE Room – Chair : Mr. Samson JEAN MARIE**

<b>03:20 – 03:45 pm</b>	2B - Livelihoods and lifestyles in Pacific islands coastal communities: new research perspectives with living labs	Dr. Arno PASCHT, National University of Vanuatu Mrs Jane TUILEVUKA, University of the South Pacific, Mrs Gresilla Mariane VISAI, University of the South Pacific, Mr. Clarence CHEON, Salomon Islands National University, Dr. Séverine BOUARD, New Caledonian Agricultural Institute Prof Corinne CAILLAUD, The University of Sydney Dr. Juliana CHEN, The University of Sydney Prof Margaret ALLMAN-FARINELLI, The University of Sydney Prof David RAUBENHEIMER, The University of Sydney Prof Sushil KUMAR, University of the South Pacific, Dr. Olivier GALY, University of New Caledonia
<b>03:45 – 04:10 pm</b>	2A/B - From food security to food desirability: exploring the symbolic and relational values of food	Mrs. Cassandre FERNANDEZ, National Centre for Scientific Research Prof Sophie CAILLON, National Centre for Scientific Research Dr. Arnaud BANOS, National Centre for Scientific Research Dr. Jérôme MUNZINGER, French National Research Institute for Sustainable Development
<b>04:10 - 04:35 pm</b>	2B – An evaluation of extension approaches to promote traditional food vegetables for food security in Kompiam-Ambum district, Enga Province	Mr. Danny SAKA, University of Goroka

<b>06:00 – 07:30 pm</b>	<p><b>PUBLIC CONFERENCE</b> <b>Amphitheatre 400</b></p> <p>“Family farming and lifestyles: the influence of individual and environmental factor”</p> <p>Prof. Corinne CAILLAUD (The University of Sydney) and Dr. Séverine BLAISE (University of New Caledonia)</p>
-------------------------	---

Wednesday, March 19, 2025

08:30 – 09:10 am	<b>Key note No. 2: Socio-cultural dimensions of innovation and adoption in family farming</b> <i>Amphitheatre 80</i> <i>Chair : Dr. Séverine BOUARD</i>	Prof Georges CURRY, Curtin University
<b>THEME 1. WHAT ROLE AND CHALLENGES FOR FAMILY FARMING IN THE SMALL ISLANDS?</b> <i>Amphitheatre 80 – Chair : Prof. Georges CURRY</i>		
09:10 – 09:35 am	1B - Personal factors affecting adherence among hypertensive patients in Solomon Islands	Mrs Marineth MAGI, Salomon Islands National University
09:35 – 10 am	1B - Comparative assessment of food loss and climatic risks in dairy farming system between Fiji and Australia	Mr. Christian-Yves AMATO-ALI, University of the South Pacific Dr. Viliamu IESE, University of the South Pacific Dr. Hilda WAQA-SAKITI, University of the South Pacific Dr. Gayathri MEKALA, University of Melbourne
<b>THEME 2. FOOD SYSTEMS, LIFESTYLES AND HEALTH</b> <i>PEPITE Room – Chair : Dr. Elodie FACHE</i>		
09:10 – 09:35 am	2B/D - Empowering adolescents through participatory research: a case study in New-Caledonia	Prof. Corinne CAILLAUD, The University of Sydney Dr. Louisa PERALTA, The University of Sydney Dr. Juliana CHEN, The University of Sydney Dr. Rowena FORSYTH, The University of Sydney Prof David RAUBENHEIMER, The University of Sydney Mr. Guillaume WATTELEZ, University of New Caledonia Dr. Olivier GALY, University of New Caledonia Dr. Krestina AMON, The University of Sydney APY team
09:35 – 10 am	3D - Barriers and facilitators of healthy diets and the opportunity for digital technology solutions: adolescents' perceptions from urban and rural schools in New Caledonia	Dr. Juliana CHEN, The University of Sydney Mrs. Maria NANAN, Australian Government Department of Health and Aged Care Dr. Krestina AMON, The University of Sydney Dr. Rowena FORSYTH, The University of Sydney Dr. Louisa PERALTA, The University of Sydney Prof Stephanie PARTRIDGE, The University of Sydney Dr. Olivier GALY, University of New Caledonia Prof Corinne CAILLAUD, The University of Sydney
10:00 – 10:30 am	<b>COFFEE BREAK</b> <i>Deck Amphitheatre 80</i>	

## THEME 1. WHAT ROLE AND CHALLENGES FOR FAMILY FARMING IN THE SMALL ISLANDS?

*PEPITE Room – Mr. Samson JEAN MARIE*

10:30 - 10:55 am	1A - Agrobiodiversity in family farming in Oceanian family farming : a case study in Maré (New Caledonia) and Wallis and Futuna	Mr. Julien DROUIN, New Caledonian Agricultural Institute Mr. Jonas BROUILLON, New Caledonian Agricultural Institute Mr. Sébastien BLANC, ADECAL Technopole Mrs Priscillia KOINDREDI Mrs Alix MASURE Mr. Jacques WAMEJONENGO, New Caledonian Agricultural Institute Dr. Séverine BOUARD, New Caledonian Agronomic Institute Mr. Didier VARIN Dr. Nadia ROBERT, New Caledonian Agronomic Institute
10:55 – 11:20 am	1A - The influence of ENSO on Pacific equatorial upwelling and fisheries	Mr. Danny SHADRECH, Solomon Islands National University
11:20 – 11:45 am	1A - Ecological restoration : promoting family farming	Dr. Bruno FOGLIANI, University of New Caledonia Danielle SAINTPIERRE, SIRAS

## THEME 2. Food systems, lifestyles and health

*Amphitheatre 80 – Chair : Prof. Georges CURRY*

10:30 – 10:55 am	2B - Local perspectives on climate change adaptation and lifestyle changes in the village of Wiana, Emao Island, Vanuatu	Mrs Gresilla Mariane VISAI, National University of Vanuatu
10:55 – 11:20 am	2B - Barriers and facilitators of physical activity among adolescents in the multicultural context of New Caledonia	Mrs Marie-Jeanne URVOY, University of New Caledonia Dr. Thibaut DERIGNY, University of Pau and Pays de l'Adour Dr. Rowena FORSYTH, The University of Sydney Dr. Louisa PERALTA, The University of Sydney Mr. Guillaume WATTELEZ, University of New Caledonia Dr Christophe Serra-Mallol, University of Toulouse Jean Jaurès Prof Corinne CAILLAUD, The University of Sydney Dr. Olivier GALY, University of New Caledonia
11:20 – 11:45 am	2B - MOVE Ô: study on the lifestyle of Oceania children	Mrs Solène BERTRAND, Pacific Community Mr. Guillaume WATTELEZ, University of New Caledonia Prof Stéphane FRAYON, University of New Caledonia Prof Corinne CAILLAUD, The University of Sydney Dr. Olivier GALY, University of New Caledonia
11:45 am – 01:00 pm	<b>LUNCH</b> <i>Deck Amphitheatre 80</i> <a href="#">→ Visit of the Research facilities of the University of New Caledonia at 12:30pm - upon registration</a> <b>Building SIGMA</b>	

01:00 – 01:40 pm	<b>Key note No. 3: Diet in the Pacific Islands Countries and Territories (PICTs): A Global View in 2025</b> <i>Amphitheatre 80</i> <i>Chair : Dr. Olivier GALY</i>	<b>Prof Margaret ALLMANN-FARINELLI, The University of Sydney</b>
<b>THEME 3. WHAT ARE THE WAYS OF CO-BUILDING KNOWLEDGE IN LAND-BASED AND MARITIME PRODUCTION PRACTICES AND SMALL ISLAND FOOD SYSTEMS?</b> <i>Amphitheatre 80 – Chair : Mr. Jonas BROUILLON</i>		
01:40 – 02:05 pm	3A – A sustainable data lifecycle for a better future for science and society: experience feedback	Mr. Guillaume WATTELEZ, University of New Caledonia Mrs Marie LATOUR, University of New Caledonia
02:05 – 02:30 pm	3A – Students perspectives of participation in cultural activity and how this improves their nutrition, physical activity and obesity in physical education	Dr. Aue TE AVA, Massey University of New Zealand
<b>THEME 2. FOOD SYSTEMS, LIFESTYLES AND HEALTH</b>		
<b>THEME 3. WHAT ARE THE WAYS OF CO-BUILDING KNOWLEDGE IN LAND-BASED AND MARITIME PRODUCTION PRACTICES AND SMALL ISLAND FOOD SYSTEMS?</b> <i>PEPITE Room – Chair : Prof. Margareth ALLMAN-FARINELLI</i>		
01:40 – 02:05 pm	2B – Caledonians' resilience strategies for preserving their lifestyles in the face of shortages	Mrs. Delphine CANONGE DUMAS, University of New Caledonia Prof Virginie DE BARNIER, University of New Caledonia
02:05 – 02:30 pm	3D - Exploring the digital health landscape: how adolescents living in urban and rural Vanuatu use social media to access health information	Dr. Krestina AMON, The University of Sydney Mr. Guillaume WATTELEZ, University of New Caledonia Dr. Akila NEDJAR-GUERRE, University of New Caledonia Dr. Rowena FORSYTH, The University of Sydney Dr. Louisa PERALTA, The University of Sydney Mrs. Marie-Jeanne URVOY, University of New Caledonia Dr. Olivier GALY, University of New Caledonia Prof Corinne CAILLAUD, The University of Sydney
02:30 – 02:55 pm	2B - The KANU 2025 PROJECT: a traditional canoe expedition from New Caledonia to Vanuatu archipelago	Mr. Pierre-Yves LE ROUX, Vice Rectorate of New Caledonia Mr. David BATTIE, Vice Rectorate of New Caledonia Mr. Benjamin PUGET, Vice Rectorate of New Caledonia Prof Corinne CAILLAUD, The University of Sydney Prof Manfred LENZEN, The University of Sydney Prof David RAUBENHEIMER, The University of Sydney Dr. Olivier GALY, University of New Caledonia
02:55 – 03:00 pm	<b>"PACIFIK BREAK"</b> <i>Amphitheatre 80 and PEPITE Room</i>	
03:00 – 03:30 pm	<b>TEA BREAK</b> <i>Deck Amphitheatre 80</i>	

### THEME 3. WHAT ARE THE WAYS OF CO-BUILDING KNOWLEDGE IN LAND-BASED AND MARITIME PRODUCTION PRACTICES AND SMALL ISLAND FOOD SYSTEMS?

*Amphitheatre 80 – Chair : Dr. Séverine BOUARD*

03:30 – 03:55 pm	3A - Gender, climate change and indigenous ecological knowledge in mangroves of the Solomon Islands	Dr. Mary TAHU, Solomon Islands National University Dr. Heide K. BRUCKNER, University of Graz
03:55 – 04:20 pm	3A - Positive impact on teaching physical education and physical activities with locally available materials and indigenous games (Solomon Islands case)	Mr. Patrick MINITI, Solomon Islands National University
04:20 – 04:45 pm	3A/B - Food crops on Islands: new resources for more sustainable tourism development	Prof Jacinthe BESSIERE, Université Toulouse Jean-Jaurès

### THEME 2. FOOD SYSTEMS, LIFESTYLES AND HEALTH

### THEME 4. WHAT EXTERNAL AID AND PUBLIC POLICIES FOR FAMILY FARMING IN THE SMALL ISLANDS?

*PEPITE Room – Chair : Dr. Séverine BLAISE*

03:30 – 03:55 pm	2B - Understanding the distribution of physical activity by Caledonian adolescents according to gender and place of residence	Mr. Matthieu CLAIN, University of Strasbourg Dr. Thibaut DERIGNY, University of Pau Dr. Olivier GALY, University of New Caledonia
03:55 – 04:20 pm	2 - White-edge lyretail (Variola albimarginata): A preliminary study on size at sexual maturity, seasonal gonadal variation, and growth	Dr. Lindon HAVIMANA, Solomon Islands National University Mrs. Shirlene HIRU, Solomon Islands National University Mr. Jim Hyacinth DAMUSARU, University of the South Pacific Mr. Collin GERENIU, The University of Queensland Mr. Kofi APREKU, Solomon Islands National University
04:20 – 04:45 pm	4A - Caledonian elected representatives' perception of family farming and fishing	Prof Christophe SERRA-MALLOL, University of Toulouse Jean Jaurès

Thursday, March 20, 2025

08:30 – 09:10 am	<b>Key note No. 4: Labour schemes, food security and knowledge: emerging and renewed trends in the vulnerability of Pacific Islands Countries and Territories (PICTs) coping with heavy changes in globalization</b> <i>Amphitheatre 80</i> <b>Chair : Dr. Séverine BLAISE</b>	Dr. Gilbert DAVID, Research Institute for Development
<b>THEME 3. WHAT ARE THE WAYS OF CO-BUILDING KNOWLEDGE IN LAND-BASED AND MARITIME PRODUCTION PRACTICES AND SMALL ISLAND FOOD SYSTEMS?</b> <i>PEPITE Room – Chair : Dr. Séverine BOUARD</i>		
09:10 – 09:35 am	3D - How do you pronounce this in a local language? A digital tool for learning and disseminating the pronunciation of local languages	Mr. Guillaume WATTELEZ, University of New Caledonia Mr. James LANGERON, University of New Caledonia Mr. Julian MALAVAL, University of New Caledonia Mr. Antoine CORRAL, University of Paris 3 - INALCO Mr. Fabrice WACALIE, University of New Caledonia Dr. Pauline WELBY, University of New Caledonia and French National Research Institute for Sustainable Development Aix Marseille
09:35 – 10:00 am	3A/B - A sociolinguistic study of factors influencing the sustainability of traditional languages and cultures in younger generations of French Polynesians	Dr. Anu BISSOONAUTH-BEDFORD, University of Wollongong
<b>THEME 3. WHAT ARE THE WAYS OF CO-BUILDING KNOWLEDGE IN LAND-BASED AND MARITIME PRODUCTION PRACTICES AND SMALL ISLAND FOOD SYSTEMS?</b> <i>Amphitheatre 80 – Chair : Dr. Séverine BLAISE</i>		
09:10 – 09:35 am	3B - The diversity of knowledge and practices mobilized by family farming as a cultural adaptation to ecological constraints in the intertropical Pacific Islands	Dr. Gilbert DAVID, French National Research Institute for Sustainable Development
09:35 – 10:00 am	3B - Local knowledge and their dynamism farmers' capacity of experimentation as a lever of adapting to climate change	Dr. Maya LECLERCQ, French National Research Institute for Sustainable Development Dr. Catherine SABINOT, French National Research Institute for Sustainable Development
10:00 – 10:25 am	3B - Rāhui (time-bound reef fishery closures) as a pathway for co-management and knowledge co-construction	Dr. Jean WENCELIUS, French National Research Institute for Sustainable Development
10:25 – 11:00 am	<b>COFFEE BREAK</b> <i>Deck Amphitheatre 80</i>	

## PROJECT PRESENTATIONS

### Amphitheatre 80 – Chair :Prof. Jean-Marie FOTSING

11:00 – 11:15 am	DIVERSITES project: Understanding, preserving and enhancing the diversity of tropical socio-ecosystems in a context of global change	Prof Cyril MARCHAND, University of New Caledonia
11:15 – 11:30 am	Pacific Climate, Local Knowledge and Adaptation Strategies project (CLIPSSA)	Dr. Catherine SABINOT, French National Research Institute for Sustainable Development
11:30 – 11:45 am	Nexus Agriculture and Food in the Pacific project (NAAP)	Dr. Séverine BOUARD, New Caledonian Agricultural Institute
11:45 – 12:00 pm	Towards a sustainable food model in new Caledonia: research and innovation continuum of the triad program	Dr. Malorie GREENE, Startup Incubator – Research and Innovation Valorization Unit
12:00 – 01:30 pm	<b>LUNCH</b> <b>Deck Amphitheatre 80</b> <a href="#">→ Visit of the Research facilities of the University of New Caledonia at 12:45pm - on registration</a> <b>Building SIGMA</b>	
01:30 – 02:10 pm	<b>Key note No 5: Promoting physical activity in the Pacific Islands: challenges and opportunities</b> <b>Amphitheatre 80</b> <b>Chair : Dr. Olivier GALY</b>	Prof Anthony OKELY, University of Wollongong

## THEME 3. WHAT ARE THE WAYS OF CO-BUILDING KNOWLEDGE IN LAND-BASED AND MARITIME PRODUCTION PRACTICES AND SMALL ISLAND FOOD SYSTEMS?

### THEME 1. WHAT ROLE AND CHALLENGES FOR FAMILY FARMING IN THE SMALL ISLANDS?

#### Amphithéâtre 80 – Chair : Mrs. Fleur VALLET

02:10 – 02:35 pm	3B – The circulation of knowledge to adapt to climate change: the case of Vanuatu and New Caledonia	Mr. Samson JEAN MARIE, French National Research Institute for Sustainable Development Dr. Catherine SABINOT, French National Research Institute for Sustainable Development
02:35 – 03:00 pm	3B - Circulation and co-creation of knowledge and know-how at the heart of climate change adaptation by family farmers in the South Pacific islands	Dr. Catherine SABINOT, French National Research Institute for Sustainable Development Dr. Maya LECLERCQ, French National Research Institute for Sustainable Development Mr. Samson JEAN MARIE, French National Research Institute for Sustainable Development Dr. Gilbert DAVID, French National Research Institute for Sustainable Development Mr. Julien DROUIN, New Caledonian Agronomic Institute, Mr. Isaake Tuikalepa, University of New Caledonia Dr. Jean WENCELIUS, French National Research Institute for Sustainable Development Dr. Séverine BOUARD, New Caledonian Agronomic Institute
03:00 – 03:25 pm	1A - Root architecture of teak and flueggea in mixed species systems in the Solomon Islands	Dr. Vaeno WAYNE VIGULU, Solomon Islands National University Dr. Timothy J BLUMFIELD, Griffith University Dr. Frederick REVECHON, Griffith University Prof Zhinghong XU, Griffith University

## THEME 2. FOOD SYSTEMS, LIFESTYLES AND HEALTH

*PEPITE Room – Chair : Mr. Jonas BROUILLON*

02:10 – 02:35 pm	(Cancelled) 2B - Shifting perceptions of diet and nutritional practices in Fiji: a case study of Nadoi village, Rewa	Mrs. Jane TUILEVUKA, University of the South Pacific
02:35 – 03:00 pm	(Cancelled) 2B - Migrating to the town: changing diets and lifestyles in Lord Howe settlement, Honiara, Solomon Islands	Mr. Clarence CHEON, Solomon Islands National University
03:25 – 03:30 pm	« PACIFIK BREAK » <i>Amphitheatre 80 and PEPITE Room</i>	
03:30 – 04:00 pm	TEA BREAK <i>Deck Amphithéâtre 80</i>	

## THEME 3. WHAT ARE THE WAYS OF CO-BUILDING KNOWLEDGE IN LAND-BASED AND MARITIME PRODUCTION PRACTICES AND SMALL ISLAND FOOD SYSTEMS?

*Amphitheatre 80 – Chair : Dr. Gilbert DAVID*

04:00 – 04:25 pm	3B - The environmental code of New Caledonia's Loyalty Islands: an example of successful legal crossbreeding?	Dr. Claire JOACHIM, University of New Caledonia
04:25 – 04:45 pm	3B - Strengthening the legal resilience of indigenous knowledge in the Pacific. A comparative study of Caledonian and NiVanuatu students.	Mrs. Vaimoe ALBANESE, University of New Caledonia
04:45 – 05:15 pm	General Conclusion <i>Amphitheatre 80</i>	
05:15 – 05:35 pm	Closing ceremony customs	
06:00 – 11:00 pm	<a href="#">Closing dinner - upon registration</a> <i>Bar restaurant la Cocotte, Promenade Pierre Vernier - Anse Vata, Nouméa</i>	

Friday, March 21, 2025
